SUMMARY

Junior Flutter Developer with hands-on experience building **10+ cross-platform mobile applications** using Flutter and Dart. Skilled in Clean Architecture, SOLID Principles, Riverpod, BLoC, Firebase, and REST APIs. Proven ability to independently architect and deliver full-featured applications from scratch. Passionate about scalable, maintainable, and high-performance mobile solutions.

PROFESSIONAL EXPERIENCE

Flutter Developer Intern

Pioneers Solutions

- Developed Flutter mobile applications using Clean Architecture and modern state management, integrating Firebase, REST APIs, and reusable responsive UI components.
- Contributed to two real-world mobile applications, an HR Management System and a Billing & Sales Management app, implementing features including attendance tracking, payroll calculations, employee and department management, groups and permissions, official holidays, authentication, sales and billing workflows, and responsive mobile UI.

Flutter Developer Intern

Nami Software Development

- Independently architected and rebuilt the **Circle Mart** e-commerce app from scratch using Flutter, Clean Architecture, SOLID Principles, and Riverpod for scalable state management without modifying the original codebase.
- Integrated Firebase Authentication (OTP), REST APIs, Google Maps, and FCM; delivered complete browsing, search, favorites, cart, checkout, and order workflows while optimizing overall app performance.

Flutter Developer Intern

National Telecommunication Institute (NTI)

- Completed intensive Flutter/Dart training covering Firebase, REST APIs, BLoC, and Clean Architecture.
- Built 3 practical applications: BMI App, Movies App, and Todo App to reinforce core development concepts.

Flutter Developer Diploma

Route Academy

- Completed a comprehensive 5-month Flutter/Dart program covering advanced mobile development concepts.
- Built 5 applications: Islamic App, Evently App, Movies App, E-commerce App, and News App.

PROJECTS

Circle Mart App

Flutter | Firebase | REST API | Google Maps | Riverpod

- Full-featured e-commerce app rebuilt independently from scratch using Clean Architecture and SOLID Principles.
- Includes Firebase OTP auth, Google Maps integration, FCM push notifications, cart, checkout, and order management.

Elostaz Travel

Flutter | Firebase | Riverpod | Clean Architecture

- Transportation management app for managing buses, drivers, trips, and daily operations with real-time Firebase sync.
- Built financial tracking (revenues, summaries) and push notifications for events like vehicle license expiration.

Fork Up E-commerce App

Flutter | Riverpod | Clean Architecture | REST API

- Refactored project from BLoC/Cubit to Riverpod; applied Clean Architecture for improved scalability.
- Implemented OTP auth, wishlist, cart, offline caching via Hive, pagination, and reusable UI components.

TECHNICAL SKILLS

Mobile Development: Flutter, Dart, Responsive UI, Adaptive Layouts, Theming, Localization

Architecture & State: Clean Architecture, SOLID, MVVM, Riverpod, BLoC, Cubit, Dependency Injection

Backend & Networking: REST APIs, Dio, HTTP, JSON Parsing | **Storage:** Hive, Shared Preferences

Firebase: Authentication, Cloud Firestore, Realtime Database, Storage, Cloud Messaging (FCM)

DevOps & Tools: Git, GitHub, GitHub Actions, CI/CD Pipelines, Postman

EDUCATION

Bachelor's Degree in Computer Science and Information

Faculty of Computer Science & Information, Menoufia University

LANGUAGES

Arabic - Native | English - Proficient
